**2024 EVENTS CALENDAR**

## BACKGROUND

December in GH is an initiative launched by the Ghana Tourism Authority in 2019 as part of the Year of Return. This initiative was created to promote Ghana as a premier destination for the December holiday season, not only for the Ghanaian diaspora but for the global African family.

The December holiday season has always been a time when the Ghanaian diaspora returns home to reconnect with family and friends, enjoy festive celebrations, and immerse themselves in Ghanaian culture. Ghana has long been a pioneer in bridging the gap between the historical diaspora, the Ghanaian diaspora, and local Ghanaians.

Since its inception, December in GH has become one of the most successful initiatives in terms of cultural exchanges, international arrivals, tourist expenditures, and economic stimulation. It has significantly boosted the tourism, hospitality, arts, and culture sectors by attracting an increasing number of visitors each year.

The mandate of December in GH is to position Ghana as a prime destination for the December holiday season. The program provides a platform for event organizers and artists to showcase their talents, adding immense value to the entire tourism ecosystem.

Join us in celebrating December in GH, where culture, connection, and celebration come together to create unforgettable experiences for all.
